- Farewell karaoke party
- Guided night time walking tour

Logistics

- Airport transfers in Cambodia
- Orientation and city tour
- Travel in country
- Pre-departure support
- 24/7 support from local staff
- Emergency assistance

Who says you can't mix business with pleasure?

Combine business development with cultural exploration on this unique internship. Support local entrepreneurs, boost the business literacy of local business owners and school children, plus explore Phnom Penh and the world's largest religious structure in your free time.

Days 1 - 2

Arrival and induction

Land in the modern capital city of Phnom Penh, home to more than 2.5 million people. Our staff will meet you and pick you up from the airport, help you settle into your accommodation, and make sure you have everything you need.

On day two, meet the team for a full induction. Learn about cultural rules, basic Khmer phrases, and take a tour of the local area. In the afternoon, you will begin your project induction, learning how to plan and lead workshops and finding out about local businesses in Cambodia.

Lastly, you'll enjoy a delicious welcome dinner using local ingredients and flavours to set you up for success the following day! Get to know your new friends, tell stories about you and your home, and lay the groundwork to make real connections over the next two weeks.

Days 3 - 6

Business and resilience

Spend your mornings visiting small business owners around Phnom Penh, including a trip to Silk Island to visit farms and weavers. You will learn directly from local enterprises about business practices in Cambodia, the unique challenges they face, and the importance of 'slow fashion'.

Also start interviewing potential beneficiaries for micro-loans, thinking about their business plans and their need for funding. Enjoy a fully guided night time walking tour of the area too, finishing at Independence Monument.

On day five, travel to Choeung Ek Killing Fields, followed by a visit to Russian Market and the S21 Genocide Museum. This is an important opportunity to learn about the Khmer Rouge regime and understand Cambodia's complex recent history.

Day six involves more community outreach, visiting more areas of the city to learn about local businesses and conduct further interviews with potential beneficiaries.

Days 7 - 9

Visit Angkor Wat

Time for a road trip to Siem Reap! Travel through the Cambodian countryside, settling into your new hotel and cooling off by the swimming pool before dinner at a restaurant and exploring the night market.

Wake up for an early morning on day eight for an unforgettable experience: watching the sunrise over Angkor Wat. You will spend the day exploring this sprawling religious complex, including Bayon and Ta Prohm, fully immersing yourself in the “Eighth Wonder of the World”.

In the evening, enjoy an incredible performance at the Phare Circus and learn about their inspiring social enterprise. Travel back to Phnom Penh on day nine, then rest and relax ready for the final few days of your project.

Days 10 - 12

Skill development

Over the next three days, put your knowledge into practice. Prepare and lead workshops on marketing, savings, and business planning for local business owners and school children.

You will also review beneficiary applications, choosing viable business plans to support. After your hard work, explore local markets for souvenirs and enjoy a peaceful meditation session with monks at Wat Langka.

Days 13

Blessings and Karaoke

On your penultimate day, you will distribute loans to your chosen beneficiaries, reviewing their business plans with them once more to ensure sustainable success.

Celebrate your achievements with a traditional Buddhist water blessing at a local pagoda, and a tour of the Royal Palace and Silver Pagoda. Finish your trip with a farewell dinner and karaoke party.

Departure

Reflect on the once-in-a-lifetime journey you've undertaken as you head back to the airport. Don't forget to share your contact details with your new friends to forever remember your time in Cambodia!

Think about your new found confidence, skills, and memories during your journey — these will stay with you for the rest of your life.

Destination

Uncover the magic of Cambodia, a Southeast Asian gem with ancient wonders and modern marvels. Here, the legendary Angkor Wat stands as a testament to the Khmer Empire's power, but it's more than just temples. Beautiful beaches, stunning skyscrapers, and roaring rivers can be found everywhere you look.

It's a country on the rise, with tourism and agriculture driving its economy. Though marked by a complex past, Cambodia is developing as a tourist destination and offers an unforgettable experience.
